

### Side Notes:

- If you ever go to Cheesecake Factory, get the Thai chicken wraps. They're yummy!!

### Helpful Hints:

- I play this song as if I were a drummer and the piano a set of drums.
- The first part is a little tedious from a counting standpoint. So I suggest learning measures 59-81 first.
- As in Prelude, using a strong underlying 2 beat accent in each measure makes it a lot more fun to play. (Let the off beat feel stronger than the down beat.)
- I strongly suggest listening to how this song sounds on the recording at [mp3.com/jonschmidt](http://mp3.com/jonschmidt) for free. (please see ad on pg. 14)
