Side Notes:

- This song is dedicated to the unbelievably great guys under whom I had the privilege of being coached at Highland High School in Salt Lake City: Roger Dupaix, Tom Kingsford, and especially Larry Gelwix who took our rugby team to the high school national finals. "Lar" was always telling me that I ought to put a rugby game to music.

- All note infractions will result in a five yard penalty.

Helpful Hints:

- As with "Can’t Help Falling in Love," using a strong underlying 2 beat accent in each measure makes it a lot more fun to play. (Let the off beat feel stronger than the down beat.)

- Warning: there are several passages that are quite impossible to play unless you use the fingering.

Game Day
(Highland Games)

With liberty and justice for all
